**Drobex, located in Solec Kujawski in Poland has been around for over 25 years.
We're recognised as one of the leading producers of poultry and associated meat products.**

Our products are in high demand across all main supermarket chains in Poland including Tesco, Netto, Real, Biedronka Carefour and many more. For many years we've been exporting our produce to Holland, United Kingdom, Italy and France. You'll also find our meat on the KFC menu in Poland as well as in the UK.

We guarantee:

• certainty that our products are safe and healthy

• high volume of production

• an option to create a special product in accordance
  to your need

• specialised production for your own brand

• quick processing of orders and faultless distribution

• competitive pricing and attractive loyalty programme

• marketing support

Fresh and frozen poultry meat, cured ham, smoked sausages and pâtés from the heart of clean and green Cuiavia are being prepared in our two modern manufacturing plants which are under constant veterinary supervision, adhere to HACCP system regulations and have the IFS and BRC certificates.

If you're interested to take advantage of our unique proposition and you're keen to build a lasting relationship with the poultry industry leaders in Poland then we welcome your inquiries.

Fresh and frozen meat

Our proposition includes whole chicken as well as fresh or frozen chicken elements.
Processed meat is frozen using the IQF system which is preferred and widely used in the catering industry.
This system allows to maintain the original shape of any chicken element.

Our packaging options are flexible and quickly adapted to market needs.
Amongst many options we package products in vacuum, map and using trays.

Having the latest freezing system as well as an efficient logistics
it enhances meat safety and freshness.

Thanks to above our customers receive
tasty product that meets the highest
international quality standards.
